

**JOB POSTING:
MÉTIS YOUTH HEALTH RESEARCHER**

In consultation with Métis communities, the Métis Youth Health Researcher will analyze the responses of Métis students who completed the 2008, 2013 and 2018 BC Adolescent Health Survey (BC AHS), and produce a community-friendly report that will be used to assist Métis communities and government agencies in planning policies and programs for Métis young people in BC.

The ideal candidate will have strong statistical analytical skills and be familiar with SPSS. The applicant will also have a strong knowledge of Métis culture and Métis youth health issues, experience working with diverse groups of stakeholders, strong facilitation skills and a graduate degree in health sciences or a related field.

For more details on this position, please review the attached job description.

Salary range is \$40,000 -45,000 p.a. The position is currently funded through December 2019.

Employees are entitled to MSP and health benefits upon completion of 6 months' employment. Additional benefits include professional development and health and wellness funding, and an optional RRSP scheme.

HOW TO APPLY

Please forward your résumé and a cover letter to:

McCreary Centre Society
3552 East Hastings Street
Vancouver, BC, V5K 2A7
e-mail: mccreary@mcs.bc.ca
fax: 604-291-7308
