

### **Research Associate – Job posting**

McCreary Centre Society (McCreary) is seeking a skilled, community orientated individual with strong research skills to support McCreary's work in researching, analyzing, interpreting, and presenting data.

The successful candidate will initially focus on analyzing data from the 2023 BC Adolescent Health Survey (BC AHS) and Homeless Youth Survey (HYS).

Specific duties include analyzing youth health research data using SPSS for Windows and preparing research reports, presentations, and factsheets for publication.

The ideal candidate will have a minimum of two years working with SPSS for Windows and graduate level coursework in health or social science research, including statistics.

Salary: \$52,167 p.a. for 37.5 hrs per week. Employees are entitled to MSP and health benefits upon completion of 6 months' employment. Additional benefits include professional development and health and wellness funding, and an optional RRSP scheme.

We are committed to Truth and Reconciliation and to ensuring equity, diversity and inclusion in all aspects of our work. We actively encourage applications from members of groups with historical and/or current barriers to equity.

#### **To apply:**

Please forward your résumé and a cover letter to:

Hiring Committee, McCreary Centre Society, 3552 East Hastings Street, Vancouver, BC, V5K 2A7

e-mail: [mccreary@mcs.bc.ca](mailto:mccreary@mcs.bc.ca)

Please note: Applications without a cover letter will not be considered.

This position will remain open until filled, and will be based at McCreary's office at 3552 East Hastings Street, Vancouver.
